10_SPECIFIC_INFORMATION_NEEDED_:Dear FOIA Officer:

In accordance with the Freedom of Information Act (FOIA), 5 USC Sec. 552, Greenpeace requests a copy of each of the following documents, or access to them for inspection or duplication, which are in the possession of or generated by the Environmental Protection Agency:
Details on all meetings (dates, agendas, minutes) and correspondence (emails, calls, letters, and all other forms) between EPA and the following: the American Petroleum Institute (API), BP, ExxonMobil, Chesapeake Energy, Chevron, and any other oil and gas industry representative, as well as the Council on Environmental Quality, the Department of Energy, and the Domestic Policy Council of the Whitehouse, regarding the EPA's Hydraulic Fracturing Study conducted by Jeanne Briskin.

We request that you search the above records for the time period of April 31, 2012, to June 1, 2012.

FEE CATEGORY

Greenpeace seeks the above listed records for noncommercial use as a representative of the news media. Greenpeace qualifies as a news media organization under the definition provided by Congress in the OPEN Government Act because it "gathers information of potential interest to a large segment of the public, and uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience."

Specifically, Greenpeace is seeking this FOIA request because the information in it is of interest to a large portion of the public, including the many concerned citizens that regularly acquire information through our extensive range of publications. These publications include websites, blogs, newsletters, reports, press statements, social media networks such as Facebook, Twitter, and Flickr, videos, presentations and demonstrations at various venues. In addition, Greenpeace reaches out to many traditional news media outlets that regularly broadcast our publications through television, radio, print and electronic articles and interviews.

Greenpeace plans to compile the information from this request into a distinct, original work that will be released to the public through the publications listed above.

Please also contact me with any questions regarding this request at (210) 837-3912 or jesse.coleman@greenpeace.org.

Thank you,

Jesse Coleman
